CA No Dr.

CA No Dr. was inspired by a lettering for the movie poster »James Bond: Dr. No«, created in 1962. Just like the original Dr. No, No Dr. has a diabolical charm. It was developed into a font family that combines distinctiveness with versatility. The two widths and the two weights give you a big choice. Best use for headlines, it works for body text too. Intended to become an interesting alternative to the much used DIN Schrift, it has now developed into a functional family of it's own.

Regular + Expanded Regular (10/13 pt)

A man without love's only half of a man. But a woman is nothing at all. I'm drinking champagne feeling no pain till early morning. She tries hard to hide. Dining and dancing with every pretty girl I can find. So little expected. Having a fling with a pretty young thing till early morning. Too often neglected, knowing tomorrow I'll wake up with you on my mind. "A woman stripped of her pride." Guilty conscience I guess though I must confess. Always so careful not to cry.

I never loved you much when you were mine. Until I fall asleep. So I'll keep drinking champagne and feeling no pain till early morning. Then there in the silence. Dining and dancing with every pretty girl I can find. She lies with a tear on her cheek. I'll keep having a fling with a pretty young thing till early morning. A thought comes to mind. Knowing tomorrow I'll wake up with you on my mind. Did I read it sometime? So I'll keep drinking champagne and feeling no pain till early morning. Or hear it, I can't quite recall.
