# ***CA MAGIC HOUR***

Remember the time when the Concorde was the fastest passenger plane on earth? When it was possible to travel from Paris to New York in 3  $\frac{3}{4}$  hours? That were cool times. Times when cocktails tasted good and you didn't think of an eventual headache afterwards. Times when you didn't have to think how to dress because there was only one way. Straight from that time comes CA Magic Hour. A vintage font from a time from which we could learn a lot today. Optimistic and straight forward, it will speed up your designs.
